Keep your child learning

How is your family coping?

Did you love home-learning or did you find you cannot work with children in the house?

Every week we are organising online and live events to support parents and help you plan the next steps for your family. Whether you will be staying in the city, moving to the suburbs or the countryside, the Independent Schools Show has the advice, support and information you need.

Parents are acutely aware that independent schools, unlike others, have managed to deliver a first-class education throughout this crisis.

The Independent Schools Show brings together the leading independent schools, the brightest thinkers and the most respected heads to help you make the right decisions for your child.
